

# Keys of Life Spell

Our first key is life, the greatest gift, start of the journey,  
keys of life opening closed doors.

The second is dreams that they come true,  
in anticipation that we make it through.

The third is health, that we can live our dream,  
opening new doors to the unseen.

The fourth is wealth, that gratitude we show,  
blessing all that may bestow.

The fifth is our gift that we give to all,  
doing our best to balance all.

The sixth is our spirit that drives our soul,  
reaching our goal that we achieve it all.

The seventh is the largest key, the most powerful of all,  
the key to life is to live it all.
